

Mockup Review Notes

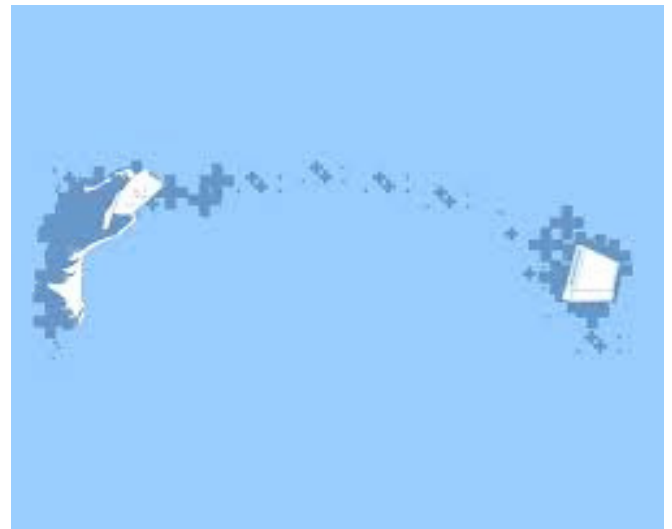

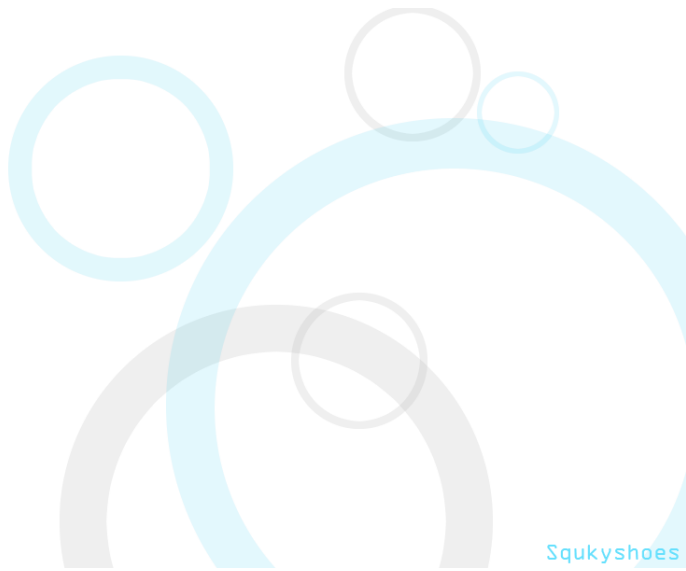

Kevin He - Creative Director [214-714-2073]

Carmen Maria von Unrug - Designer

11/14/2018

Project Title: Nintendo Wii

- Landscape layout
- Header might need to take up less space
- Maybe make the title/home page more fun by changing the title placement
- Lacking images currently
- Try not to use centered or justified - i think everything will be fine left aligned
- Rounded box that holds the text
- Make header fixed on top and adjust the spacing

(but with like a white/grayish background color)
